Vision - internal profiles/passwords

Last Updated: Aug 17, 2016 09:05AM AEST

Please refer to the Vision Support web portal for specific issues & to ensure that you have the most up to date information.

[Vision-support-web-portal](#)

The following summary pertains to OMS/ODS:

IMPORTANT NOTE:

The password for VSIOWNER on the source must be the same as the password for VSIOWNER on the target.

The password for VSIUSER on the source must be the same as the password for VSIUSER on the target.

The passwords for VSIOWNER and VSIUSER can be the same but is not a requirement.
